

LABOR SERVICES DIVISION[875]

Adopted and Filed

Pursuant to the authority of Iowa Code section 89A.3, the Elevator Safety Board (Board) hereby amends Chapter 71, “Administration of the Conveyance Safety Program,” Iowa Administrative Code.

This amendment extends the effective period of an alteration permit and amends the process for getting an alteration permit extension.

The purposes of this amendment are to reduce unnecessary paperwork and implement legislative intent.

Notice of Intended Action was published in the September 30, 2015, Iowa Administrative Bulletin as **ARC 2163C**. No public comment was received on the proposed amendment. This amendment is identical to the amendment published under Notice of Intended Action.

No variance procedures are included in this rule. Applicable variance procedures are set forth in 875—Chapter 66.

After analysis and review of this rule making, no adverse impact on jobs is expected.

This amendment is intended to implement Iowa Code chapter 89A.

This amendment shall become effective on February 10, 2016.

The following amendment is adopted.

Amend subrule 71.9(6) as follows:

71.9(6) The alteration permit shall expire upon the earlier of the completion of the alteration as described in the permit application or ~~120 days~~ one year after issuance. However, ~~between 90 and 110 days during the tenth month~~ after issuance and upon submission to the labor commissioner of the fee set forth in this chapter, sufficient justification, and other required information, the labor commissioner may grant an extension of the alteration permit ~~may be granted at the discretion of the labor commissioner.~~
